Re: Zoom Video Communications, Inc. Privacy Litigation, Case No. 5:20-cv-02155-LHK

Dear Ladies and Gentlemen.

I received an email on December 1 about above class action settlement, stating that I can make a claim with the claim number 7T9267U926.

I strongly object to the class action suit. As a private individual, this class action settlement represents the greed of plaintiff lawyers, receiving potentially over \$20 Million in settlement from an organization that has

- not proven to do any wrong,
- helped millions of people in the time of the pandemic to stay connected,
- responded with immediate actions and tech improvements to solve any security issues.

While plaintiff lawyers potentially pocket millions, any user will be left with \$15 to \$25 dollars as s settlement. This is more than ridiculous and points directly to the inefficiencies and dysfunctions of the US legal system.

I do not plan to attend the Final Approval Hearing due to physical distance.

Kind regards

Peter Matthies
